## Hitting

If you don't hit, you sit. And it's not about hitting the ball the hardest. It's about precision and having a quick, efficient bat path. It's about consistently hitting the ball hard, and being able to hit the ball to all fields.

I give clear, constructive and correct instructions to strengthen these fundamental skills in your athlete.

## Fielding

It's all about being ready for every play.

For every moment.

A great athlete wants the moment. He doesn't run from it. And to be able to achieve that, he must master the fundamentals.

I teach him how to react to any type of situation on the field. And look like he's been there before.

# Elevated Mentality. Elevated Game.

**Your player's baseball success depends on his control of two things.** His mindset. And the effort he gives. The rest is up to chance.

When your athlete works with me, his **mental fortitude** is trained just as much as his swing, his arm, and his pick. In a game where even the best fail 70% of the time, mastering a **healthy baseball mindset is key**. Studies estimate that 80% of a baseball player's performance is determined by his mentality. When a player is in his best headspace, he hits dingers & makes plays all day long.

**Effort is crucial** for your player's success. I work to nurture a **winning work ethic** that will serve as the foundation of his baseball journey. Of course, I can't do this alone – I welcome & encourage your collaboration. You play the most important role in your athlete's success story!

WORK WITH ME

# Get To Know Me

I grew up the son of MLB player & coach Roberto Kelly. My uncle, Juan Gonzalez, is a local Texas Rangers legend. When baseball runs in your blood, you can't run from baseball. I grew up going to Major League games and playing baseball with my brothers on a daily basis. Roberto instilled in me the value of effort & a good attitude, the same values that I now instill in my players. When it comes to fundamentals & hitting style, I was raised on old-school baseball technique - hit for contact, not power. Be a consistent hitter that hits for average - the extra base hits will come! Defensively, I was taught to make solid routine plays instead of trying to be fancy. I took these fundamentals with me all the way to college - New Mexico Jr. College & St. Edward's University - where I played Shortstop and 2nd Base.

I graduated from St. Edward's University with a Bachelor's degree in Kinesiology in 2020 & Masters of Business Administration in 2022. In addition to coaching baseball & giving lessons, I work at a Title Company. I dedicate my free time to my family. My wife and I just welcomed our first son (and my future short stop), Remy, in 2022.

I look forward to meeting you, and helping your player reach his baseball goals!
